

### **About Villa Amrita Ubud Bali**

Completed in January 2012, Villa Amrita is a scenic 15-minute drive through terraced rice paddies, spectacular views of the Batur volcano, and lush tropical rainforest from the center of the cosmopolitan village of Ubud. Unforgettable Ubud is home to fascinating temples, international restaurants, dazzling cultural performances, live music, diverse artistic offerings, incredible adventure activities and a wide variety of boutique shopping.

Villa Amrita offers guests 315 square meters of private living space surrounded by fragrant tropical flower gardens, a 12-meter infinity pool, terraced rice paddies and stunning west-facing mountain forest views. A beautiful garden gazebo provides a special place for outdoor dining, massage, yoga or an afternoon nap. The setting perfectly combines absolute privacy and natural beauty.

The design of Villa Amrita artfully blends traditional Balinese materials with modern European comforts. Three elegant bedrooms with spacious en suite bathrooms and individual balconies are connected to a common dining and entertainment area, which includes a 55-inch LED TV and home theater. Each room was styled by a Balinese designer and features romantic king-size canopy beds, luxurious bathrooms with stand alone bathtubs and open-air tropical showers, polished hardwood floors, and a personal mini bar. An open plan assures natural breezes and plenty of sunlight while advanced LED lighting systems throughout the villa provide an inviting nighttime atmosphere. Lush flower gardens, extraordinary stone carvings and original works of watercolor and photography creates a tranquil and romantic mood.

Cool nighttime breezes usually make air conditioning unnecessary, but it is an option in all rooms, along with quiet, remote-controlled ceiling fans. Wireless Internet access is provided, as are yoga mats. Enjoy a relaxing game of backgammon or cards poolside, or while enjoying music from your mp3 player on the Yamaha and BOSE surround-sound system. Explore the night sky unpolluted by city lights and the fireflies dancing over the rice terraces. Villa Amrita is a perfect escape for couples or for a family. The villa accommodates six persons in extraordinary comfort and can accommodate up to seven guests.
